50X1-HUM CALL-CONTROL/US OFFICIALS ON ... 2 ... 50X1-HUM Observation and Evaluation Airfield .... parked at the field and were guarded by SEB police. Soldiers wearing blue uniforms were observed. Location: south-southeast of Hor. Ostrava, on the road leading from Hrabuvka to Bela. The area of the field was about 500 x 300 meters. The field may be extended to the east and south. Two brick hangars Nor Ostrava (P 50/0 59) with a small annex for administrative purposes on the northern edge of the field, a radio installation and weather station with SNB guardroom, and a CSA administrative building were located farther to the southwest. Two aircraft left for and returned from Prague-Ruzyne every day. The field was guarded by SMB police. (4)Location: on the southern perimeter of Krnov (P 51/J 11), east of the road to Ovcak (P 51/J 10). The field about 500 x 1,000 meters, belonged to the local Aero Club. A wooden Krnov (P 51 /J L1) hangar with 2 gliders and 2 cargo gliders was on the northern edge of the field. The landing field could be expanded. The field was guarded by the Aero Club and SNB . (5)members. 50X1-HUM

(1)	Comments. The information confirms that Pilsen airfield is occupied by a fighter regiment of the Czech Air Force. The reported cooperation with a fighter unit from Budejovice indicates that both regiments belong to the 50X1-HUM
